From Bret
Victor:

• What is a human need?

↳ it is NOT technology - because we can control it.

↳ TECHNOLOGY IS INVENTED. HUMAN NATURE NOT.

• What is a human capability?

↳ tools are made to be used by a person.

∴ They are limited by \rightarrow a person's mind
 \searrow a person's ability. (skill? nature?)

↳ most tools are used by use with our...

} & nowadays design (interaction design) completely ignores both of them.

Epitome of design:
a violin.
useful &
simple.
straight to the point but
people have
diff. interpretation.
